

REPENT AUSTRALIA

"If My people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land."

AN ENEMY WITHIN

Australia has an enemy within. As France fell in 1940, white-anted by a fifth column, so this fair land of ours is being undermined from within. This subversion of our country is not being achieved by a single entity but octopus-like has various tentacles that reach down into our society and seeks to strangle the goodness and morality out of each one of us. Just consider a time, some five decades ago when there was no obsession with sex or drugs or wild revelling. LSD, cocaine, marijuana, crack, ice, speed, downers and meth were unknown substances. However, in the late 60s a sudden, societal revolution took place that forever altered the course of culture in this and other Western nations. Young people (and older ones, too) began to embrace degenerate dressing styles, long hair on boys, drugs, eastern religions, pornography, the feminist movement and abortion. It was a war---a spiritual war against traditional Christian values. Even children brought up in Sunday schools were steadily caught up in a completely changed value system, including the lack of respect for their elders. What, then, had caused them to be swept into the new drug and sex culture which has broken many a parent's heart as their children became defiant and/or rebellious, drug addicted, argumentative or runaways? More so, what has caused our whole society to be so different from what it used to be? Look around today and see how we have been demoralised. The family unit has been grossly undermined, homosexuals and lesbians boldly parade their perversion, millions of babies are murdered in the womb, "free" sex is rampant, violent crime is at an all-time high and pornography is promoted on the media as harmless and natural good fun. Well, what was the catalyst that brought these dramatic, disastrous changes to our society so quickly?

Rock and Roll Music

The answer may well surprise you. It invaded quickly; it was greatly underestimated. It was a well-planned attack by the combined forces of evil in their quest for world domination and even now still lies undetected as the catalyst of the revolution, for today it is virtually everywhere and everything now seems to march to its drum. The fact is, it was the advent of rock and roll music (including so-called "Christian" rock) that was and is used to shape the hearts and minds of the world's youth and to steal them from their parents and from the God of Christianity. Rocker Eddie Manson admitted as much when he said, "Music is used everywhere to condition the human mind. It can be just as powerful as a drug and MUCH MORE DANGEROUS, because nobody takes musical manipulation very seriously." Beatle John Lennon tells us: "Rock-n-Roll's sound came from the jungle." It is no coincidence that most of the original rock-n-roll musicians lived near New Orleans which was the centre of Voodoo music in America. So, with the repetitive beat of the Voodoo, the music swept over the United States via the radio, records and television, as its hypnotic message reached into the subconscious of its listeners, producing the same result there as it had in the jungles of Africa. This was to summon up demonic powers and create a frenzied atmosphere conducive to both sexual and drug activity. This music is now virtually everywhere across the globe, from sports arenas to commercials that peddle anything from cars to alcohol; from the tracks of movies and television; from ipods, radios, the internet and CDs that dish up the pulsating rhythm which reverberates endlessly. No wonder people are addicted to it! But are they aware of the evil, sensual lyrics; the satanic symbols such as pentagrams, goat's heads, lightning bolts etc; the promotion and adoration of drugs, sex, vulgarity, violence, and gambling on poker machines; the yelling, screaming, jumping up and down; and the bizarre activity of the mash pit, every one of these manifesting the carnal, fleshy, sinful nature of man?

Political Correctness

Another tentacle of the fifth column in our midst is likewise not recognised for its evil intent. But it nevertheless is part of the malevolent scheme to undermine this and other Western nations. The relatively modern fad of political correctness (PC) has opened up new fields in which to attack both traditional values and common sense. Over the past 30 years PC has swept across the English-speaking world like a plague, subverting our language and assaulting our moral values. A handmaiden of humanism (the belief that man is god and he alone has the answers to life), PC is unbiblical and anti-Christian. It belittles traditional morality and disguises sinful behaviour. Modesty has become a sexual hang-up; chastity--neurotic inhibition; living together out of wedlock--a meaningful relationship; perversion--an alternative lifestyle; biblical values--bigoted fundamentalism; and sin is just "a complex". Political correctness is strongly feminine, multicultural and egalitarian. That is, it is pro-choice in the matter of abortion; pro-feminist, pro-homosexual and pro-minority groups in the matter of discrimination; and pro-socialism/marxism/humanism/atheism in matters of religion.

Power and Influence

The old time-honoured virtues of traditional morality---faith in the God of the Bible, parenthood, godly behaviour---are anathema to followers of political correctness, many of whom hold positions of power and influence. Moreover, the sinister demand for PC thinking is enforced by harassment and intimidation by discrimination boards virtually controlled by feminists with powers to impose harsh penalties on those who dare breach its rules. Due to its all-pervading influence, classical literature has been purged of anything that smacks of favouring whites or males to conform to what is really the "tyranny of the minority". Indoctrinisation of students to political correctness ensures that the younger generation sees every aspect of life through socialist, left wing eyes. Under the guise of "equal opportunity", vocational programs are designed to blur the distinction between boys and girls despite their natural desires to make their own sex-based choices. History texts have been rewritten to impose a guilt complex on students for their Anglo-Saxon heritage that has supposedly destroyed the "idyllic" way of life of indigenous Australians and replaced it with genocidal degradation. Geography has become a vehicle to attack companies for exploiting workers in the Third World; to portray women as oppressed; and to depict the timber and mining industries as environmental rapists. As the moral depravity of rock music and the pernicious stupidity of political correctness eat away at the very soul of this nation, so we shall crumble from within, ripe pickings for the future One World Government.

Righteousness Exalts a Nation

Obviously this is a battle royal between the forces of darkness and those of the Light. Rock music glorifies Satan, the prince of darkness, while political correctness ostracises, vilifies and condemns the biblical values held dear by the followers of JESUS CHRIST, and creates social injustices. Unless the ordinary people of Australia, both young and old, come to realise the dangers of these insidious influences of *this enemy within*, repent of their own sinful ways and turn back to the God of our fathers in humility and faith...and unless they elect leaders of integrity and courage determined to stand against this subtle assault on our Christian heritage, we will only slide further down the perilous path to national disaster. However, if they will denounce this fifth column at work in our country and make a determined stand against these and other evils, we can be saved. But it all begins with a deep desire to seek the truth and to get right with God. At present we are in bondage to these malignant forces in our midst but the truth will set us free. It is time to lift up the banner of truth and declare His righteousness over this Great South Land of the Holy Spirit. "Righteousness exalts a nation but sin is a reproach to any people." So let us boldly nail God's colours to the mast, and set an example to the world.

PRAYER

Almighty God of infinite grace, truth and power, have mercy on us as we humbly come united by Your omnipotent Spirit to honour You as our Covenant-keeping God. Holy Father, we are eternally thankful that on the cross Christ conquered sin and death, but then at Pentecost You empowered Your people with Your Holy Spirit to spread the glorious gospel of salvation. Thank You, blessed Spirit, for helping us understand the deep truths of Your Word, enabling us to grow to maturity as children of the living God. Abba Father, grant divine forgiveness to both leaders and citizens of this Great South Land of the Holy Spirit as they truly repent and open their hearts to receive Your free gift of grace in JESUS CHRIST. Lord Jesus, baptise them with the Spirit of Fire, we pray, and set them free of all fear and pride. Moreover, Lord, let Your peace reign in Jerusalem, that city over which You wept because it rejected You in Your time of visitation. Finally, dear Father, help us all to be watchful, prayerful servants in these last perilous days prior to the second coming of Your Son and our Saviour, so we may be able to stand before the Son of Man. We ask this in the glorious name of Jesus. Amen.

R.A: Led by our Lord Jesus Christ through the power of the Holy Spirit to glorify the Fatherhood of God with the Brotherhood of Man; in love and in faithfulness to bring glory and honour to His holy name
