## TOWER OF BABEL

Without doubt the red-hot (or should we say white-hot) issue of the day is *racism* and probably the most used abusive epithet is *racist*. Yet the fact is that until the last few decades of the long history of the human race there has been no such sin as racism. Now it has become the most heinous of crimes. In fact, it has attained such notoriety that the United Nations recently conducted an international anti-racism conference even though anti-racism pledges and measures proposed at a previous conference eight years ago have still not been achieved. Nevertheless, the issue is constantly pursued with unrelenting vigour and venom. But why? What lies behind this remorseless push to make all races as one? Its birth came through a think tank committee of the Club of Rome in promoting its agenda for preparing the way for a New World Order that included the dictum: *Racial discrimination must be abolished*. However, these plotters seem to have forgotten an important lesson of history. When people of all races long ago gathered together to build the Tower of Babel to worship heathen deities in defiance of the one and only true God, He threw them into confusion and scattered them far and wide. Ever since, each race---God-fearing or otherwise---has jealously guarded its own sovereignty---until now.

### **The Racist Tag**

But now history is repeating itself. An insidious, subtle scheme for a new Tower of Babel is being executed through this latter-day plan to promote multicultural societies by falsely emphasising the goodness of all cultures and the equality of all religions. In doing so, it has relentlessly employed the dreaded *racist* tag as a potent weapon to launch its attack against the white European races abiding in God's will. If and when this ploy fails, anti-discrimination laws have been set in place to stifle anyone brave enough to ignore these derogatory smears. Undoubtedly, this worldwide campaign to integrate the different races is inspired by these ungodly forces determined to establish a humanist/socialist one world global village and destroy Christian civilisation in defiance of the God-ordained separation of the races into families and homogeneous communities. For God "made from one man's blood every nation of men to dwell upon the face of the earth, having determined their allotted times and the boundaries of their habitation; so **"that they should seek the Lord, in the hope they might feel after Him and find Him."** (Acts 17: 26).

### **An Innate Sympathy**

The fact of the matter is that recognition of one's self involves acceptance of one's racial identity. It is natural to have an innate sympathy with your family, race and nation. This does not mean we are to dislike foreigners; it is simply a bond of loyalty towards one's own kind. For most of us this means applying the values of our Christian culture which include faith, truth, patriotism, kindness, courtesy, hard work and respect for each other's independence. The loss of racial awareness often involves losing these virtues and sliding into a hybrid culture (a babble of tribes) with no common loyalty and no core values. As the Lordship of Jesus Christ---that alone can provide true unity in diversity---underlies the Australian way of freedom, democracy and prosperity, it cannot be asking too much of newcomers to our shores, and who willingly accept our spiritual blessings, to assimilate to our ways. Though there is no defence for hatred of people on the basis of race, there is nevertheless no valid reason why Australia should have a non-discriminatory immigration policy that admits all and sundry from every part of the globe. With the volume of other foreign (alien) boat people coming in ever greater magnitude, Australians are right to be alarmed at what is happening now, and their alarm has nothing to do with racism, class or colour, but has everything to do with creed or belief.

## **Branded Xenophobic**

Yet anyone who speaks out against the influx of boat people now arriving on our shores in ever greater numbers is made to feel guilty for daring to defend this country against racial subversion and is branded xenophobic, intolerant and racist. But what Asian country opens its doors to an influx of those of the Christian faith? None. They believe in retaining their own culture, be it Buddhist, Hindu, Moslem, Confucian or Shinto. Why then should we endanger our own culture with a big influx of other religions? To do so is not racism but national suicide! The only way to enjoy a harmonious society is to ensure a common system of belief. Forced integration of widely differing peoples with many gods never works; it only destroys. Over the last twenty years migrants have been given clear hints that there was no need to adapt to Australian institutions and the Australian lifestyle which are fluid concepts. All the outdated Anglo-Christian stuff is finished. The new Australia is a rainbow coalition in which all cultures are equal. There is no mainstream. Even one of the drafters of the blueprint for multiculturalism in Australia, Professor Zubrzycki, admits, "Multiculturalism is a good idea gone wrong. Ethnicity has been cynically exploited for electoral and civic advantage. Morality rather than social engineering is now required to make Australia a better place." Yes, indeed. The good professor is right: we do need morality and not social engineering. Many people would rather surrender and grovel than fight but this is a time for essentially peace-loving, good-natured Australians to be strong and courageous in their Christian faith to resist this diabolical plot to destroy our nation from within.

## **The Key**

The new, modern Tower of Babel is being built brick by brick. Apart from working to destroy national and racial identity and feelings, which are the major stumbling blocks to the plotters' goal of global conquest through national genocide, these bricks also include denigrating our British-Christian heritage; promoting republicanism; changing the flag (it's racist); belittling family values and traditional mores by the media; promoting homosexuality; condoning abortion; selling off our national assets; establishing a judiciary steeped in humanist ideology rather than biblical standards; infiltrating the country's education systems with unchristian values; increasing gender confusion; and fostering a hatred for people of Anglo-Saxon and Jewish stock, the nations of ancient Israel. And there lies the key behind this devilish conspiracy---to destroy the chosen people of God. Being ungodly themselves, they hate all that is of God because His people are Satan's greatest enemy.

## **Weapons of Our Warfare**

As the enemy comes in like a flood we must stand on God's Word of truth and righteousness and not be swept along by the tide of engineered politically correct dogma that flies in the face of sound common sense and the natural order of things that have prevailed for centuries. We must maintain our national sovereignty and identity and not allow ourselves to be swallowed up in the maw of this monstrous one-world system. It's high time we gave a resounding *no* to any further erosion of our Christian culture and declared our loyalty and allegiance to the land we love---Australia. The weapons of our warfare are not physical but mighty in God for pulling down strongholds. The words of the Apostle Paul ring out as a clarion cry: "By the word of truth and by the power of God, we wield the weapons of righteousness in right hand and left". Now is the time to fix our eyes on Jesus, resolutely determined to fight the good fight of faith in this world that grows darker by the hour. Ultimately the powers of darkness will fail and the one-world Tower of Babel will come crashing down when the Son of Righteousness returns in all His glory and swiftly destroys their evil schemes. In the meantime the great conflict goes on between good and evil. We are all involved in it. You are on one side or the other---there is no neutrality. Remember right will always triumph over wrong; light will always overcome darkness; God will always triumph over Satan in the long run. Be sure you are on the right side; it's either Life or Death!

## **PRAYER**

Lord God Almighty, how great Thou art! As Your prayer warriors fired by the Holy Spirit we thank You that in the midst of the increasing chaos caused by the one-world plotters' scheme to create a new Tower of Babel through ethnic conflicts, lawlessness and national unbelief, You have a great plan of redemption. Moreover, omniscient Father, we know that their evil plans will be ultimately thwarted because, at the Cross, Christ triumphed over all satanic strongholds of bigotry, rebellion and false gods and cast them under His feet. Lord, thank You that He broke down the dividing walls between peoples and released from darkness the spiritually blind through the preaching of the Good News. Holy Father, renew the minds of both leaders and ordinary citizens of this Great Southland of the Holy Spirit to look to JESUS CHRIST, the Author and Finisher of our faith. Finally, Lord God, fulfil Your eternal plan for Christ's coming Kingdom of Holiness, we ask in the majestic name of the King of kings and Lord of lords, JESUS CHRIST, to the glory of God Almighty. Amen.

R.A: Led by our Lord Jesus Christ through the power of the Holy Spirit to glorify the Fatherhood of God with the Brotherhood of Man; in love and in faithfulness to bring glory and honour to His holy name.
